github.com/vikkyrg | linkedin.com/in/vignesh-r | [Portfolio](#)

SUMMARY

MERN Stack Developer with hands-on experience building full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in developing REST APIs, implementing JWT authentication and role-based access control (RBAC), and building responsive user interfaces with Tailwind CSS. Proficient in JavaScript, Mongoose, Git, and modern web development practices, with internship experience delivering clean, maintainable, and scalable solutions.

SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frontend: React.js, Tailwind CSS

Backend: Node.js, Express.js

Database: MongoDB, Mongoose

Libraries & APIs: Axios, React Router, Socket.IO, Fabric.js, Agora RTC SDK

Tools: Git, GitHub, Postman, VS Code

Deployment: Vercel, Render

Concepts: REST APIs, MVC, CRUD, Protected Routes, State Management, Responsive Design, Agile

PROJECTS

CollabBoard SaaS | *React.js, Node.js, Express.js, MongoDB, Socket.IO, Fabric.js*

[GitHub](#) | [Live Demo](#)

- Engineered a real-time collaboration platform with 10+ application pages supporting secure multi-user whiteboard sessions.
- Implemented JWT authentication, RBAC, and secure room-based access control across 6+ backend routes.
- Built a synchronized whiteboard using Fabric.js and Socket.IO for real-time collaboration.
- Integrated 4 real-time collaboration features—live chat, video calling, screen sharing, and live cursor presence—using Agora RTC SDK.
- Integrated AI-powered collaboration features using an LLM API.

Resume Generator | *React.js, Node.js, Express.js, MongoDB*

[GitHub](#) | [Live Demo](#)

- Created a resume builder with 14+ application pages, 20 resume templates, live preview, and PDF export.
- Designed 10+ REST API endpoints with validation and MongoDB Atlas integration using Mongoose.
- Implemented JWT authentication, authorization, and protected routes.
- Secured backend endpoints using RBAC and authentication middleware.
- Built 15+ reusable, responsive React components using Tailwind CSS.

Admin Dashboard (Internship Project) | *React.js, JavaScript, Firebase*

[GitHub](#)

- Designed a React.js dashboard with 7+ management modules for business operations.
- Implemented CRUD operations across 5+ management modules with dynamic forms and data visualization.
- Integrated Firebase for real-time data synchronization.

EXPERIENCE

Web Development Intern

Dec 2025 – Feb 2026

Innomatrics Technologies

3 Months

- Assisted in developing frontend features for service-based web applications using React.js.
- Built reusable UI components and implemented client-side form validation using JavaScript.
- Contributed to admin panel development by testing forms, debugging UI issues, and improving application workflows.

Web Development Intern

2023

Litz Tech

15 Days

- Converted UI designs into responsive web pages using HTML, CSS, and JavaScript.
- Improved mobile responsiveness and resolved cross-browser compatibility issues.
- Collaborated using Git for version control and feature management.

EDUCATION

Erode Arts and Science College

Erode, Tamil Nadu

Master of Computer Applications (MCA) – CGPA: 8.0/10

2024 – 2026

Erode Arts and Science College

Erode, Tamil Nadu

Bachelor of Computer Applications (BCA) – CGPA: 7.5/10

2021 – 2024
